

**WE'RE
GROWING!**

Psychiatric Institute of Washington

ADOLESCENT TRAUMA UNIT

PIW is pleased to announce that we have added a trauma unit serving adolescents, ages 13 –17. The trauma informed treatment environment provides inpatient therapies with medication management. A customized treatment plan is developed for long-term growth.

The Psychiatric Institute of Washington is a 130-bed facility with inpatient, outpatient and partial hospitalization programs providing treatment for substance use, trauma and mental illness.

Help is available and accessible 24/7. Call our Clinical Assessment Center for a free assessment to make mental health and substance use treatment referrals and for **up-to-date bed availability.**
(202)885-5610 or (800) 369-CARE

Serving youth ages 10-17, adults and seniors.
We accept most insurance plans as well as TRICARE®. However, we do not accept DC Medicaid for adults over 18 and under 65.
